

AKERS GLOBAL TRAVEL LLC PRESENTS

JULY 10 – 17, 2027

7-Day Bermuda Round-trip New York

Featured shore excursion: Motor through the island-dotted Great Sound on the Elizabeth, an 80-foot charter cruiser designed for sightseeing with large open decks and plenty of windows. You will cruise across the entrance to the enormous sound – which fills the interior bend in Bermuda’s distinctive fishhook shape – past dozens of idyllic islands and on towards Hamilton, the pastel-colored capital of Bermuda. The Elizabeth will present an ever-changing panorama of Bermuda from a perspective only possible by water, including close-up looks at the magnificent mansions in the affluent Spanish Point neighborhood and along the shores of the Great Sound.
